## More than 40 years in the business...

Archivo 2000 counts with a totally automated manufacturing process, which combined with its 2.000 square meters logistics warehouse and by means of an integral computer system management for storage and product dispatch, permits the company to render high quality services required by the customers.

## With you day by day

### Manufacturing since 1975

**Manufacture all our products** covering the entire process **from the design of the mold to the manufacture and distribution in the market**, allows us to react very quickly to the major changes that the market demands today.

### Our Company's Task

Search archiving and classification solutions to our customers, offering leading products in quality and reliability at the most competitive price and with the shortest possible delivery time.

### Professional Ethics

Our code of ethics is mainly characterized by our commitment to our staff, customers and suppliers. We provide added value to our customers and satisfy their needs in a socially responsible way.

### Work Philosophy

Our company is characterized by teamwork, being a fundamental aspect the collaboration and cooperation between each one of them, for the correct functioning in the day to day.

### At your Service

Archivo 2000 has a staff of highly qualified people who constitute a valuable human capital, key in the high process of growth and expansion that has been experienced in recent years.

# Ardos

Our line of solid, light-weight and functional binders of great capacity.

THE COVERS ARE OF HIGH-QUALITY CARDBOARD WITH PROTECTIVE BOUND EDGES INJECTED IN PLASTIC.

Binders manufactured with painted steel spine provided with interchangeable identification tab with label measuring 54 x 64 mm and thumb hole.

Its exclusive mechanism with a 3 position fastening system permits consulting or photocopying the documents without having to remove them.

Apart from the standard models, **the Ardos binder can be manufactured in any size or colour**, with a simple or double spine and equipped with handles (briefcase).

The Ardos binder with double-spine of 120 mm has capacity to hold up to 1000 pages or 500 classifying punched pockets.

The handles can be fixed to the spine, as well as to the covers, making its handling and carrying very easy.

Perfect item to use as a sample catalogue with a great number of references.

Covers can be personalized using serigraphic and thermo-printing techniques.

“ The quality of its manufacture guarantees that your documents will remain safe from breakages, falls and humidity making it the “Rolls Royce” of the filing cabinets.

## ARDOS MECHANISM

The Ardos binder can be made to order with any of the mechanisms detailed below.

MODEL	RINGS	RING SPACING	EXTERNAL MEASUREMENTS
304	2 D-rings	80 mm	280 x 60 x 315 mm

SCREWS AND PLUGS INCLUDED

# Display Cases

A large line of high quality and durable display cases, 100% Spanish manufacturing.

Wall-mounted sign holder displays with adhesive, that allows to be fixed to any smooth surface. They come in different sizes, both in vertical and horizontal format.

The adhesive avoids having to perforate the surface where the wall sign is to be fixed.

Wide range of displays in different sizes and formats: countertop T-shaped or L-shaped sign holders, nameholders, cardholders, multi-sided and brochure holders, all of them with great quality and high brightness.

“ The manufacturing of trays has formed part of our production from the very beginning of our company’s activity, as far as 40 years back.

# Stackable Trays

Several models made of high-strength plastic are available for documents in DIN A4 and folio format.

Customizing trays and manufacturing according to your needs

The Archivo 2000 Trays permit you to organize your documents with colour and style.  
Slot on front for easy access.  
The Archivo 2000 wide range of stackable trays can be printed with your company logo by screen printing or tampography.  
It is also possible to manufacture any tray model in special colours.

The thumb hole on spine makes handling easy.  
Some models have identification tab holder on spine.

## Plastic Waste Paper Bins

Several models manufactured in great quality and high brightness polypropylene or polystyrene, resistant to bumps and scratches.

## Filing boxes

Several models of filing boxes, with or without identification card on the spine, that combine perfectly with the rest of the items you need for your desktop.  
They can be manufactured in special colours or customized with screen printing or tampography.

OPTIONAL RING

RECYCLING BINS WITH 2 SELECTIVE CONTAINERS

Possibility of manufacturing in special colours or customization through screen printing or tampography. The polypropylene models are flexible and ideal for schools.

VERY RESISTANT PLASTIC BINS

## A solution to every need

These products coordinate perfectly with the rest of our products, such as trays, binder boxes and bins.

Provide your office a different and organized aspect that helps you in your day to day.

It is possible to customize the different complements with special colours or personalization, according to the needs of the customer.

DESKTOP IS ALWAYS ORDERLY

## Office Accessories

Wide range of products formed by small accessories that will help you organize your desk in an efficient and original way.
